Date: _____ Consignor # _____

By using the drop & run system at Double Take, I _____, understand:

1). I should expect a phone call from the Intake Specialist after reviewing my clothing so that I can collect the items that are not accepted.

2) It is my responsibility to collect unsold items before they expire (60 days from today) or the items belong to Double Take and will be disposed of as they wish.

3) The pricing of my items is at the discretion of the Intake Specialist, but I can help by filling out an Inventory sheet listing original prices.
